I authorize Dr. Wolf, Dr. Steinhauser, and Dr. Baharloo to provide any insurance company, claim administrator, and consulting health care professionals, information concerning health care, advice, treatment, or supplies provided. This information will be used for the purpose of evaluating and administrating claims for benefits. I hereby authorize payment directly to Dr. Wolf, Dr. Steinhauser, and Dr. Baharloo of the benefits otherwise payable to me. Also I hereby give permission to Dr. Wolf, Dr. Steinhauser, and Dr. Baharloo and their assistants to diagnose, administer medications, and perform such procedures as may be deemed necessary in the diagnosis/treatment of my foot and ankle related conditions. I understand and agree that because of human variance and response it is not possible to warrant the outcome of any medical care or service.

Responsible Party Signature _____

Relationship _____ **Date** _____

Please be advised that our office has a **24 hr cancellation** and **late arrival policy**.

Failure to notify our office 24 hrs in advance of missing an appointment will result in a **\$20 No-Show Fee**.

Also, if you are more than **20 minutes late** to your appointment time, you will be asked to **reschedule** your appointment, **or wait** until after punctual patients have been seen.

These policies are designed to **decrease the overall wait-time for all patients** by encouraging patients to be courteous and punctual. The most common reason for extended wait times are patient related.

We apologize for any inconvenience regarding these policies, and appreciate your understanding.

Financial Policy

Welcome to Caring Foot and Ankle Specialists. It is our goal to provide you with excellent care, not only medically, but in all other aspects as well. If you receive a bill from us that you do not understand or feel that you may have received in error, please call our office promptly at 713-728-3117.

Traditional Medicare Insurance:

Our office participates with Medicare. This means that if you have Medicare Insurance, we will send your claim to Medicare and we will adhere to Medicare's allowable fee schedule. Medicare sets an allowable fee for each service that they cover. Once you have met your annual deductible Medicare will pay us 80% of the allowable fee and you will be responsible for the remaining 20%. If you have a secondary insurance this amount will then be sent on to them and you will be billed for any remaining balance after their payment.

Medicare has strict guidelines concerning their coverage of routine foot care such as trimming nails, or paring corns and calluses. The doctor will be able to determine if your routine foot care is or is NOT covered by Medicare. Should you have a non-covered service such as this performed, you will be asked to pay for that service at the time of your appointment. We will also ask you to sign Medicare's Advance Beneficiary Notice (ABN) indicating you were informed that Medicare will not be paying for that particular service. We will give you a copy of the ABN for your records if you request it. **If you have any other service** such as a new patient office visit or a visit for a new problem **performed on the same day as routine nail care or another non-covered service**, Medicare will be billed for the covered service **and** we will collect the uncovered service fee from you that day as well.

All Other Insurances Including Medicare Replacement Plans:

Caring Foot and Ankle Specialists accepts and participates with many commercial and **Medicaid** programs, but there are a few plans that we do not participate in. As a courtesy to our patients we will submit your claims to all other insurance companies **providing:**

- At each visit we receive a copy of all current insurance identification cards.
- Our Patient Information Form is current and correctly completed.
- Our Financial Policy is signed.

If we have not heard from your primary or secondary insurance within 60 days, you will be billed directly. In that event you must contact the insurance company directly to find out why your claim has not been paid.

It is the patient's responsibility to give us their current insurance information. **If we do not have a copy of your current insurance card, or have received incorrect or old insurance information, all charges will become the patient's responsibility.**

Financial Policy (Page 2)

All co-pays and co-insurances are due at the time of your appointment, as specified in your insurance contract and mandated by your carrier in our participating provider agreement.

- We ask that when you arrive for your appointment you are prepared to pay your co-pay as we are required to collect it by your insurance carrier. If you cannot pay your co-pay, then you can not be seen.
- For your convenience Caring Foot and Ankle Specialists accepts cash, money orders, MasterCard, Visa, and personal checks, as well as Care Credit. **Payment is expected at each visit.** We reserve the right to reschedule your appointment if you are unprepared to pay your co-pay, co-insurance or unpaid balance.
- You will receive a billing statement for all personal balances due. If we have not received a response from you by phone or received a payment or letter regarding your **unpaid balance, after 60 days**, your account will be charged a **\$20 reprocessing fee**. There is a \$25 fee assessed for returned checks.
- Caring Foot and Ankle Specialists understands that temporary and unexpected financial problems do arise. We encourage you to contact the office at 713-728-3117 immediately for assistance in managing your account. In cases of extenuating circumstances the doctors may be able to waive certain penalties or fees, if warranted, in a case-by-case basis.
- **If you have a substantial deductible** with your insurance policy, you may be **requested to pay a percentage of the day's charges at the time of service**. If you want to schedule surgery, your deductible, or a portion there-of may be due **before** the surgery is scheduled.

No Insurance:

If you do not have health insurance, charges for the day's medical service **are due at the time of service** unless other arrangements have been made with the billing department in advance. In many cases a **cash payment discount** may be given to patients without health insurance.

Referrals/Authorizations:

Referrals are the **patient's responsibility** to obtain, if your insurance requires one. We will do all we can to assist you, but it is ultimately your responsibility. If a required referral is **NOT** in place **PRIOR to your appointment**, we may **reschedule** the appointment until it is received.

Disability Forms:

It can take the doctors at Caring Foot and Ankle Specialists 15-20 minutes to complete a disability form, in addition to your normal medical office visit, as they must review your chart and fill in detailed information. Therefore there is a **\$25.00 fee** for every disability form to be completed by the doctors. Usually these forms are completed after clinic hours and may take 3-4 business days to be completed depending on patient volume. The fee is payable **upon presentation** of the forms. The forms will **NOT** be completed until the \$25.00 fee is received.

Financial Policy (Page 3)

Collections:

Caring Foot and Ankle Specialists will make every attempt to provide you with payment terms and options that meet your needs, if you have any financial troubles with paying your bill. However, If we do **not** hear from you by phone, mail or partial **payment within 45 days** of a statement being sent, you **may be referred to a collection agency**. In the event your account is assigned to collection, the patient agrees to be responsible for a 25% collection fee, as well as all court costs and attorney fees. However, please contact us before payment of your bill becomes an issue so that we can work out either a reasonable payment plan or other possible arrangement that best fits your financial situation. We dislike sending people to collections almost as much as they dislike being sent, so lets work together to resolve any financial before collections become a problem.

Missed Appointment Policy:

Caring Foot and Ankle Specialists reserves the right to charge a patient for a missed appointment. **If you cannot make your scheduled appointment, PLEASE CALL THE OFFICE** with at least **24 hours notice**. A charge for a missed appointment is NOT a charge for the service itself. One missed appointment, or severe weather problems will NOT result in a patient being charged. Also, in the case of extenuating circumstances such as a family emergency or other mitigating event, where 24 hours notice was not given, we ask that you please call and explain the absence so we can excuse the absence appropriately. Consecutive missed appointments, or repeated missed appointments will be assessed a fee of \$20 for each missed appointment. Habitually missed appointments could lead to a patient being discharged from the practice.

Also, considerable time and effort is expended in arranging and scheduling surgery for patients. The staff must coordinate with insurances, surgical facilities, and multiple physicians in a coordinated maze of paperwork and phone-calls that can take hours of our staff's time and effort, just to set up one surgery. So when a patient cancels a surgery at the last minute, it is a big deal. Not only do we lose considerable amount of time and effort already put in, we also lose the surgery time-slot that could have been used for another patient. In order to discourage last-minute cancelations we ask patients to give us at least 1 week notice prior to a surgery date to cancel or reschedule a surgery, or the patient will be charged a \$75 Surgery Patient Cancellation/Rescheduling fee, which will need to be paid prior to rescheduling the surgery. We understand that surgeries can be canceled for a variety of other reasons that are outside of a patient's control, such as insurance, health and surgical facility problems. In these unforeseen circumstances the patient would not be responsible for this fee.

Caring Foot and Ankle Specialists is dedicated to providing our patients with effective, kind and compassionate foot and ankle care, now and well into the future. Our financial policy has been developed to assist us in delivering that care in an efficient and economic way so that we can keep our doors open for all of our patients for many decades to come. We hope you appreciate that the only way we are able to provide you the quality healthcare you expect and deserve, is through the payments our patients, and insurance providers provide.

If you have any questions regarding this financial policy, please feel free to ask our staff.

We look forward to working with you on delivering the excellent care and medical services that we have been known for over 30 years.

I have read and agree to the terms of the Financial Policy given to me by Caring Foot and Ankle Specialists
